FROM THE DESK OF THE PRINCIPAL

“Education is what gives deliverance / emancipation”. The message of Rabindranath Tagore, “My salvation is in abundance of light”, will dawn hand in glove with the heritage in our Educational Institution. The geographical location of our educational Institution is in the verge of West Bengal’s stony soil, in the sylvan shadows of *Shal* and *Palash* and is surrounded by the culture of popular folklores. Our new family comprises the industrious boys and girls of stony hard soil of Purulia. The college that saw the light of the day on 26th September 2000, has been completed 22 excellent years of academic achievements. To achieve Higher Grade from NAAC in next cycle is our immediate objective. Besides that, by increasing the intake capacity by one-and-a-half times in 8 Honours disciplines and implementing postgraduate degrees, we will proceed towards sustained development, not in the evaluation of degrees, but in building a simple, easy and linear *Veda* of life, by bridging the gulf between the basic need of life and formal education. By exposing the root culture, namely ‘*Vadu Gan*’, in the arena of international symposium, we have tried to touch the indigenous culture of the soil. We have started to register the legacy of heritage through the introduction of Diploma course in *Folk- song* and *Vadu Gan* of Manbhum.

With a view to touching the *Jivan-Veda*, and to instilling the joyous songs of life into the heart of the new generation, we are making an effort to build up a Department of Culture, with various courses on basic culture, its assessment and performance. We are also trying to preserve, reform, develop and prevent from depravity and deformity, those cultures which are extinct and in the threshold of extinction. Special emphasis is given to the practical aspect as well to the inculcation of this passion and emotion of life in these fields. With the object of increasing the financial condition for the economically backward regions, we are moving towards promoting various schemes like kitchen garden, considering the quality and nature of soil, seed processing, different products and ingredients from *Palash Leaves*, and Honey Preservation. Keeping in view of the vocational based learning, a scheme has been taken to introduce Nursing Training for the women of this Tribal dominated region.

For the all-round and sustained development of human resources, our journey remains unhindered through Curriculum and Co-curricular activities. Our expectation: “We shall overcome someday”.

With best wishes

Dr. Bibhas Kanti Mandal

HISTORY AND OBJECTIVES

Michael Madhusudan Dutta (1824 – 1873)

Kashipur Michael Madhusudan Mahavidyalaya, an institution for imparting undergraduate education, was founded in Kashipur (situated about 8 km away from Adra railway station and about 35 km from Purulia railway station) in the district of Purulia of West Bengal, on 26th September, 2000 with the sincere help and active cooperation of the people around Kashipur. In the month of September of 1872, the famous poet, Michael Madhusudan Dutta took charge as the Legal Advisor to the Panchakote Raj Estate from Raja Nilmani Singh Deo of Panchakote. Later he was promoted to the prestigious office of the Treasurer. Although the tenure was not all that happy and satisfying to Madhusudan, he obtained within a short time some pleasure and interest in the life of the people living around, as well as the nature and the place itself – the evidence of which could be found in some of his sonnets. As a token of remembrance of the association between the place and the poet, the College was named “Kashipur Michael Madhusudan Mahavidyalaya”. In the course of its more than twenty-two years of glorious journey, the College has earned quite a few distinctions.

OUR GOALS

The steady urge made by the people of Kashipur for the establishment of a college was fulfilled and the cherished Mahavidyalaya came into being on 26th September 2000. The opening of the College at Kashipur at once offered invaluable service in regard to the spread of educational opportunity for a large number of prospective students of a comparatively backward district. Their opportunities constitute our aims. The opportunities are:

- i) To provide the students of Kashipur and adjacent area with the opportunity to enhance their educational qualification through receiving higher education and to enable them to build their capacity necessary for being effectively and gainfully employed;
- ii) To bring the local people living around in touch with various educational and social welfare services undertaken by the College through NSS or other extension activities; and
- iii) To humbly attempt to create an atmosphere of learning and awakening through the gradual spread of education and academic culture.

The College has always been receiving generous help and cooperation from the people associated with it and also from the people and well-wishers at large as well as eminent personalities of the locality. We hope and believe that this cooperation will go on increasing.

We always remember with due respect those people who have touched our College with their dedicated works. They did their novel works, now it's the right time for us to continue what they left for us.

IQAC

The **Internal Quality Assurance Cell (IQAC)** has been set up for the betterment of the educational quality of the college in 2012. IQAC also looks after the maintenance and enhancement of quality in College academics. The cell, comprising (as per new UGC Guidelines) Principal, two external academicians from University, one teacher Coordinator, three-to-eight teacher members, two members from local educationist, two members from industry, one member from college Governing Body, one non-teaching member and one student member meets regularly to discuss on admission, results of semester examinations, introduction of new courses, research activities of faculties and all other related academic issues. It frequently receives feedback for individual teachers and on courses taught by them. IQAC leads to visit NAAC Peer Team for its first cycle in 2016 and secured grade B. It is preparing for 2nd cycle of NAAC visit.

Plans for 2022-23 Academic Session:

- i) Submission of Annual Quality Assessment Report (AQAR) regularly and prepare for next cycle of NAAC visit.
- ii) Submission of IIQA and Registration Fees for the 2nd Cycle NAAC visit.
- iii) There is a plan to introduce 360° feedback i.e., feedback will be taken from students, teachers and non-teaching staffs, administrators and from Alumni and parents.
- iv) Regular interaction with each of 18 departments separately regarding curriculum updates and progress of students.

- v) Publish a multi-disciplinary journal from the lectures of **Pathachakra**, Seminars, Conference, Workshop, Special lecture and Webinars presented by renounced teachers.
- vi) Upgradation of faculty members with more emphasis on research work and publications.
